

In the Name of GOD, Most Gracious, Most Merciful

This Quran, **666** is the guidance for all humanity.

The number **19** protects GOD's book, The Quran, **666** as a Code (**15:9**).

The Code 19 proves to the humanity that this Quran, **666** is GOD's book.

The Code, the number **19** placed in Sura **74** verse **30**.

74:19 has **10** letters and **74:30** ends with the number **10**, in arabic the word of "Aser".

Gv. of the number **10** is **570** (**19 x 30**)

and it gives the identity of GOD's Messenger, **Bahattin** (468) **Uzunkaya** (102), **570**.

By GOD's will, I deliver GOD's Messages since **1990**, published the Turkish translation of the Quran and the book about the number 19 in Istanbul, Turkiye in **1995** by GOD's will (**3:81, 33:7, 33:40**).

GOD sends His Messenger in order to test the Humanity

and for His special and scheduled Plan (29:44, 33:38).

I am just a Messenger. **3:81** points out the fact that GOD will send His Messenger after the Prophets. Muhammed was Last Prophet and The Quran is the Last Scripture.

In the Quran, Messenger, in arabic "Resul" has a different meaning from Prophet, in arabic "Nebi".

Prophet receives GOD's book and delivers it because he is also a Messenger whose mission is to deliver.

Therefore every Prophet is also a Messenger.

Just a Messenger delivers GOD's Message from the existing scripture,

delivers good news and also warns the people. Just a Messenger does not receive a new scripture.

Therefore not every Messenger is a Prophet.

Muhammed was not the Last Messenger (33:40).

The idolizers claim that Muhammed is the Last Messenger,

early idolizers did claim the same for Joseph (40:34).

In the Quran, some suras begin with arabic letter or letters

ie. Sura 2 verse 1 : Elif.Lam.Mim.

These suras are initialed suras. And the other suras are un-initialed suras.

In the Quran, there are 29 initialed and 85 un-initialed suras.

Every arabic letter has its own numerical value, that is called Gematrical value (Gv).

These months in Hijri calendar are 12. 1. 2. 3. months (9:2, 5, 36).

Today’s Mecca idolizers for their own benefits changed these months as 7. 11. 12. 1. months (9:37) and oppress people by letting them observe it in couple of days in the 12 th month.

Hajj is the pilgrimage to Kaaba in Mecca which is the only Sacred Masjid.

Satanic Verses

19 years after Prophet Muhammed's death, some scribes were appointed to make copies of the Quran to be sent to the cities of Muslim lands.

They were using the Original Quran which was written by Muhammed's hand.

Among these, there were Osman b. Affan, Ali b. Ebu Talip, Zeyd b. Sabit, Ubeyy b. Kab, Abdullah b. El - Zubeyr, Said b. El - As, Abdurrahman b. El - Haris b. Hişam.

Muhammed had written in its chronological order of Revelation.

Muhammed had written also the necessary instructions for its proper position.

When the scribes came to sura 9, one of the scribes insisted about 2 more verses

(9:128-129) which were honoring Prophet.

Ali was against it and claimed that they were not the verses revealed to Muhammed.

Ali did protest this action and this caused a chaos among society on those days.

Below, there is a historical evidence from the reference

'El Itkan fi'ulum il Kuran' by [Celaleddin El- Suyuti](#) - El- Azhar Press, Cairo, Egypt, 1318 H., page 59

“Ali was asked “Why are you staying at home?”

He said, “Something has been added to the Quran and I have pledged never to put on my street clothes except for the prayer until the Quran is restored.”

Page 28

“ When the scribes came to the end of sura 9, they believed that 9:127 is the last verse but Ubeyy b.Kab said, “Prophet did read to me 2 more verses.” and did read 9:128-129. Then added that “These 2 verses are the last revealed verses of the Quran.” ”

The results of this action ;

Khalifa Osman was killed and Ali was elected as Fourth Khalifa.

A 50 year war between Ali and his supporters & idolizers, distorters of the Quran.

Finally, Ali was killed and then his family.

Ali's son, Hussein and his family were massacred in the battle of Karbala including 19 people from Ehli beyt, sahabe and other believers.

For 1400 years, they invented new books, Hadith and sunna beside the Quran, distorted the Quran and Islam, GOD's religion.

200 years after Muhammed's death, the idol worshipers who were defeated by Muhammed in the conquest of Mecca (632 AD), reverted to idolatry.

But this time, Muhammed became their idol.

Idolizers never live without idols.

After this war, Mervan b. Hakem (d.684 AD) did destroy the Original Quran written by Muhammed in order to remove the disputes. The reference for this action ;

Ulum El-Kuran, Ahmed von Denffer, Leicester, U.K, 1983, page 56

Nuzülünden Günümüze Kuran'ı Kerim Bilgileri, Osman Keskioglu, 1987, page 140

Mebahis fi Ulum el-Kuran, Dr. Suphi es-Salih, page 83.

He did destroy it because it is obvious that the original Quran was not the same with the other copies of the Quran. Injected 2 false verses were the cause of the disputes.

In the historical background, we can witness that these 2 false verses, 9:128-129 were always suspect.

In Buhari's hadith and El-Suyuti's Itkan, they give the clues about it.

Every single verse in the Quran was verified by at least 2 witnesses except 9:128-129 ;

“ Except sura 9, verses 128 and 129. They were found only with Huzeyme b. Sabit El-Ensar.”

Then someone came up with a Hadith stating that “the testimony of Huzeyme equals the testimony of two men.”

According to this hadith, they accepted these 2 false verses.

Sura 9 was revealed in Medina but these 2 false verses were Meccan.

How could a Medinan sura contain Meccan verses ?

Huzeyme was Medinan Muslim.

How could a Medinan muslim have Meccan verses ?

And why GOD did not place His signature, Basmalah , at the beginning of Sura 9 ?

Everything is in the hand of GOD and He controls all things in the heavens and the earth.

GOD did let this action just because ;

The day will come, the human beings shall witness the code 19 and the Miracle of the Quran, 666.

The day will come, the human beings shall witness that

GOD protects His Book, the Quran, 666 against Satan and his followers (15:9, 17:88, 41:41-42).

True Submitters and Believers are the ones who follow This Quran, 666 alone.

Fake submitters and believers shall continue to follow their own way.

1. False verses , 9:128,129 :

128. A **Messenger** has come to you from among you who wants no hardship to afflict you, and cares about you and is compassionate towards the believers, **merciful**.

129. If they turn away, then **say**, “Sufficient for me is **GOD** (ALLAH). There is no other **God** except He (**La ilahe illa hu**). I put my trust in Him. He is the Lord with the great **throne**.”

The word of ‘**Rahim**’ (**merciful**) is used for Muhammed in verse 128, but in the Quran, it is used always for GOD. It is a name of GOD. After excluding this one, there are **114** (**19 x 6**) times in the Quran.

4. After excluding the word “**kul**” (**say**) in 9:129, there are **332** times in the Quran. The word “**kaalu**” (**they said**) occurs the same number of times , **332** , in the Quran.

5. After excluding the word “**ilah**” (**God**) in 9:129, there are **95** (**19 x 5**) times the word “**ilah**” in the Quran.

6. After excluding 9:128,129 , the word of GOD (ALLAH) occurs **2698** (**19 x 142**) times in the Quran.

7. Total of verse numbers where the word of GOD (ALLAH) is placed ; **118123** (**19 x 6217**)
